Google for Education

Maine Township High School District 207, US

Maine Township, an early adopter of G Suite, maintained high ACT scores even as the low-income student population grew steadily

ACT success
As Free/Reduced Lunch (FRL) student population grew, ACT scores continued to outperform

District facts

6,300 Students

580 Teachers (FTE)

7,500 Chromebooks

5 Years using Chromebooks

8 Years using G Suite

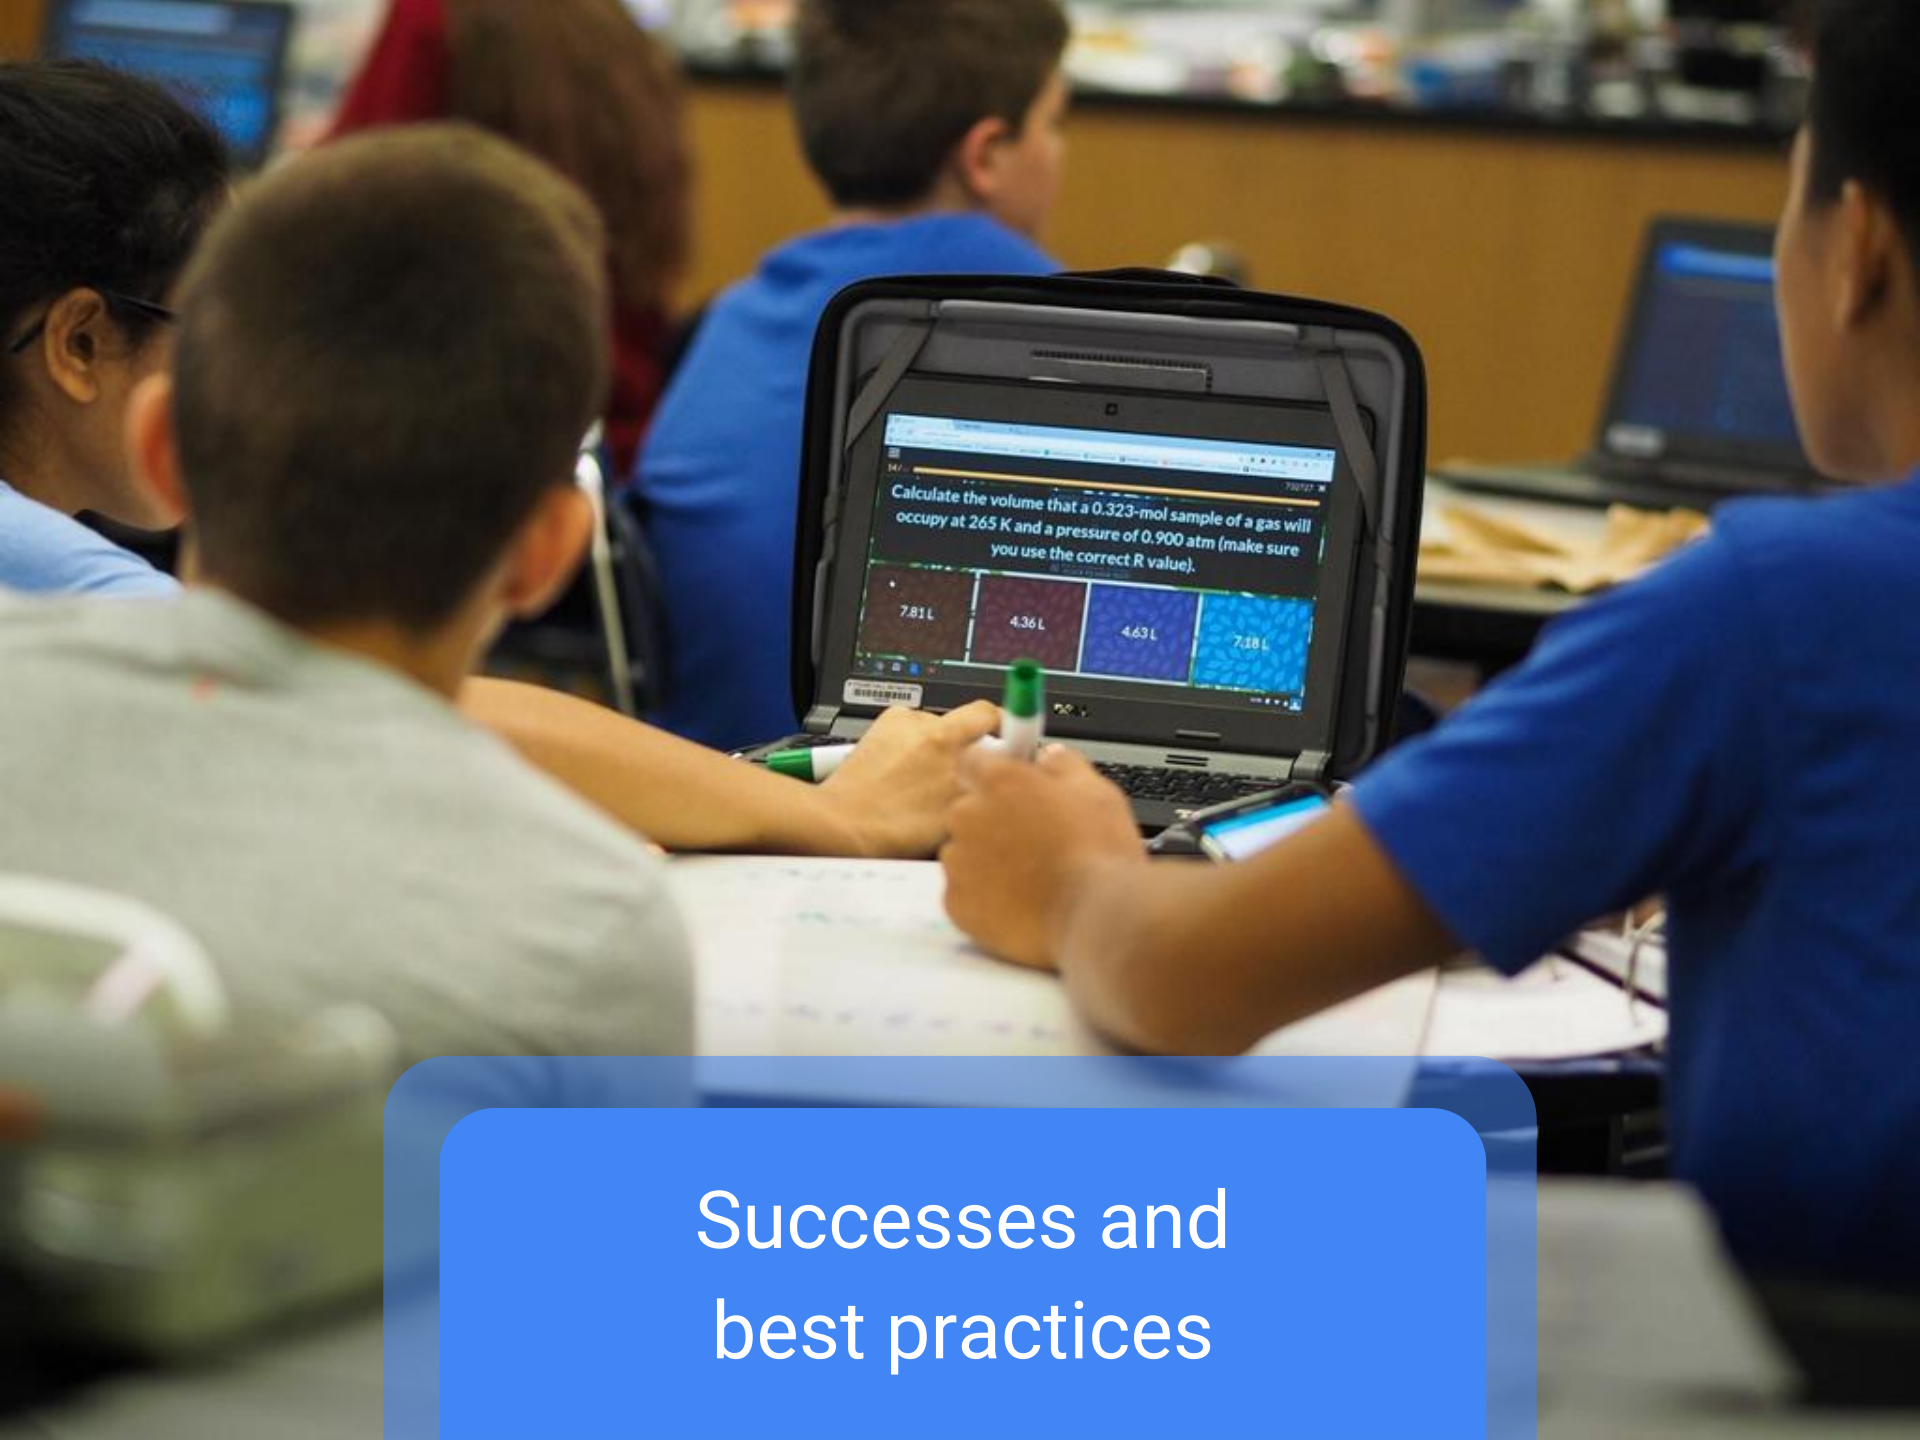

29% of students qualify for free/reduced price lunch

Implementing Google for Education

Supporting teachers
throughout the district

Successes and
best practices

**It takes
a teacher.**

Technology
should enable teachers
to do what they do best
