OPPORTUNITY ADVANCES EQUITY

EQUALITY IS LEAVING THE DOOR OPEN FOR ANYONE WHO HAS THE MEANS TO APPROACH IT; EQUITY IS ENSURING THERE IS A PATHWAY TO THAT DOOR FOR THOSE WHO NEED IT.

One of these KWL charts I did with my virtual kids, two I did with our kids who are here today. Can you tell the difference? Nope. My kids at home are getting the same #HQIM that my kids in seats are getting. The complex and in-depth convos are strong even via Google Meet. #CKLA
19.) Kaydence was baking brownies for a local bake sale. She baked 923 brownies the first week. She baked 219 less brownies the second week than she did the first week. How many total brownies did Kaydence bake?

Brownies baked in week 1: 923

Brownies baked in week 2: 923 - 219 = 704

Kaydence baked 1627 total brownies.

Let’s Be Real:

The work is hard but...  
parents are applauding our efforts and encouraging our hearts.

The work is hard but...  
we are becoming more flexible and are able to adapt at a moment’s notice.

The work is hard but...  
our colleagues have rallied around each other and we have become even closer.

The work is hard but...  
we are all in.

The work is hard but...  
OUR STUDENTS ARE WORTH IT.
“Golden Hour”
It was simple
the way she admired the sun
as it kissed the sky goodnight
because she knew
there could be a beautiful ending
to an uncertain day.
