## NOTES:

— Indicates information not applicable; state council convenes on voluntary basis.

For each P-16 council included in the Education Commission of the States database (see Page 17), the EPE Research Center examined whether information about those entities could be readily accessed online as of April 2008. This analysis sought to locate publicly available information housed on council Web sites (as applicable), as well as Web sites hosted by other institutions involved in P-16 initiatives, including state departments of education, state postsecondary agencies, and governors' offices.
